PORODO

Porodo Gaming

Freezing Semiconductor MagSafe & Clip-On Charging

SKU: PDX631

Table of Contents
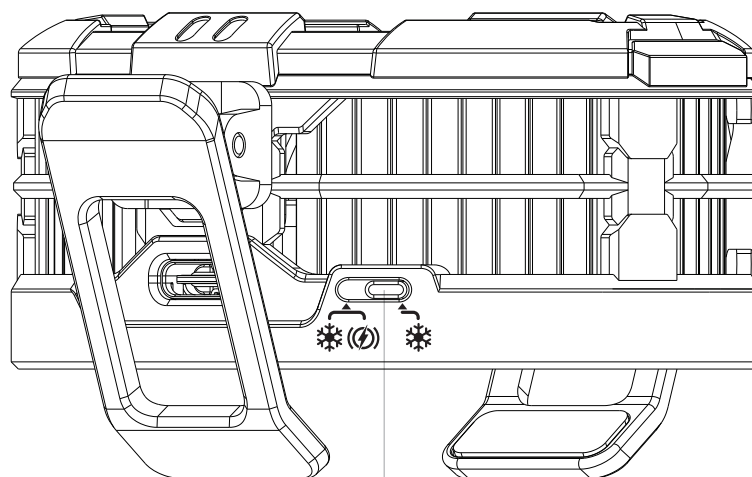

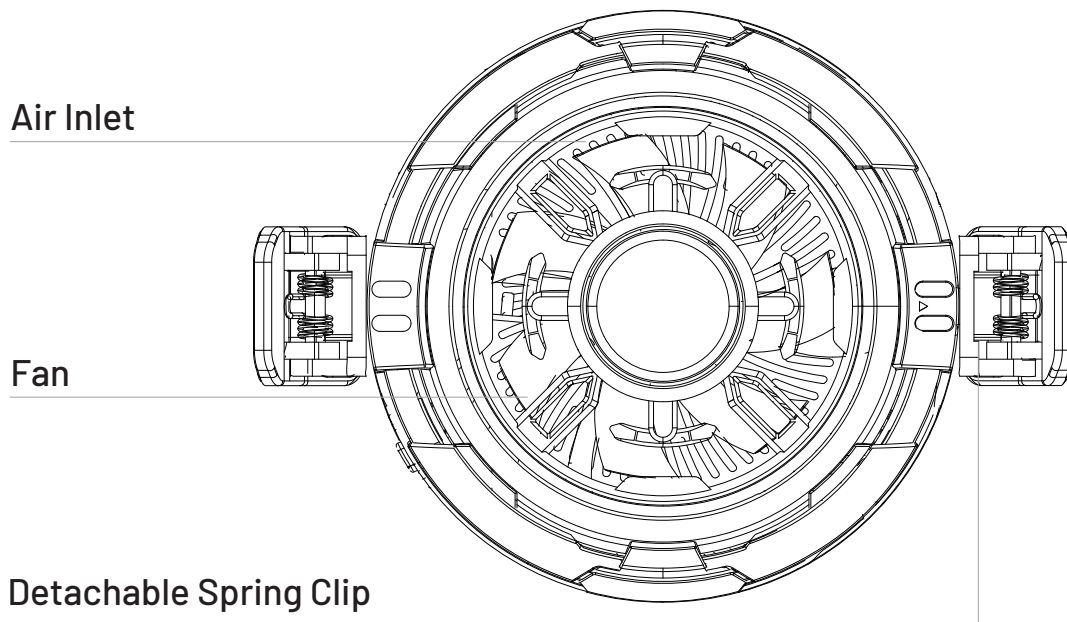

Before installing and using the product, please carefully read this User Manual to guarantee correct usage and keep it secure for future reference.

Features

1. The effective heat dissipation ensures efficient cooling to maintain optimal phone performance during extended use.

2. Equipped with a 6000 RPM fan to quickly and effectively reduce device temperature.

3. Supports 15W wireless charging, allowing you to power your device without the hassle of cables.
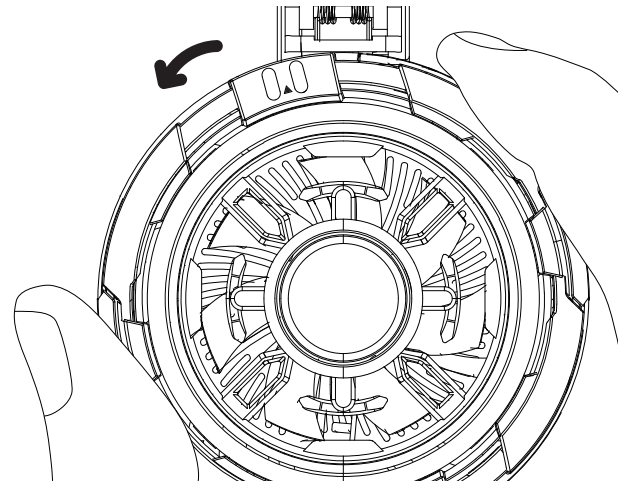

Product Overview

Air Inlet

Fan

Detachable Spring Clip

Gear Adjustment: Turn left for cooling with charging mode and right for cooling mode only.

◤ Usage Instructions

1. Installing without Spring Clip

Rotate the plastic shell counterclockwise as illustrated in the diagram to open the case and remove the spring clip.
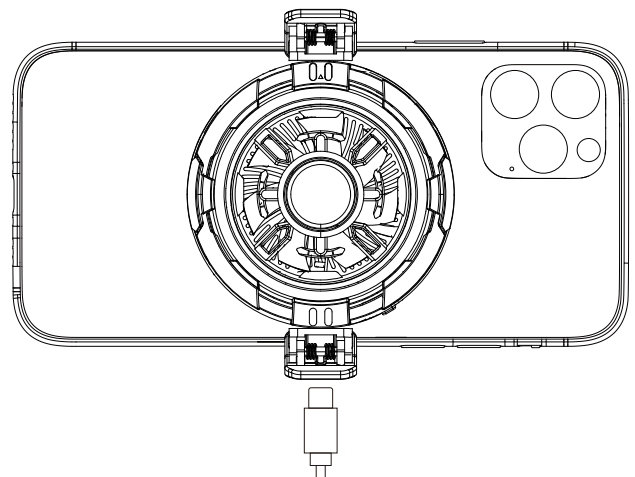

Note: Before assembling the plastic casing, locate the end with a triangle on both the outer and inner casings. Insert the knuckle of the outer casing into the slot below, and turn it right to close securely.

2. Installing with Spring Clip

A. Install the Phone Cooler:
Press the spring clips at both ends of the cooling back clip. Place your mobile phone within, adjusting it to ensure that the cooling surface snugly fits the back of your mobile phone

B. Turn on the Phone Cooler:
Insert the charging cable with a Type-C connector into the Type-C input interface at the bottom of the phone cooler. When the ambient lights illuminate and the fan begins rotating, the phone cooler is operational.

3. Install with Magnetic Plate

Attach it to the area on your mobile phone that requires heat dissipation. This helps to absorb heat from other phones.

Specifications

Product Name	Porodo Gaming Freezing Semiconductor MagSafe & Clip-On Charging
SKU	PDX631
Input	9V/2-3A
Wireless Output	15W
Cooling Power	11W
Fan Speed	6000 RPM
Cooling Efficiency	Freeze at 25° ambient temperature
Mount Method	MagSafe, Spring Clip
Product Weight	94.5g
Product Dimension	62×62×31mm

Safety Precautions

Thoroughly review all the safety information before operating your device.

1. Disconnect the adapter when you finish using the device to ensure safety and conserve energy.

2. Do not insert fingers or any other objects into the air inlet as this could damage the device. Ensure that both the air inlet and outlet remain unblocked while the device is active to facilitate effective heat dissipation.

3. Ensure the air inlet and outlet remain unobstructed while the device is operational to prevent impaired heat dissipation and reduced cooling efficiency.

4. This device may interfere with medical equipment, such as heart pacemakers. Maintain at least a 15cm distance between your mobile device and a pacemaker to prevent potential interference.

5. Individuals with pacemakers should not carry the device in their shirt pocket or close to their heart to avoid health risks.

6. To maintain optimal cooling performance, keep the air pathways clear to prevent heat build-up.

7. Do NOT dispose of this product as common household waste to prevent harm to the environment and human health.

Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **porodo.net/warranty** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
