App Connection Guide

Scan the QR code or search for the "FereFit" app in your app store, download it, and register your account.

1. To connect the headphones and charge the device, after opening the charging case, swipe the page to the right to find the device settings.

2. Turn on Bluetooth on your phone, open the app, tap "+" to search for the device (model number: E9), and click to connect and confirm pairing.

3. Go to your phone's Bluetooth settings, search for the device, and select the frequency (E9) to connect.

Click on Add

Click to connect the charging case device. After connecting, open the top cover but do not immediately remove the headphones. Wait for three seconds to allow the head-phones to automatically connect.
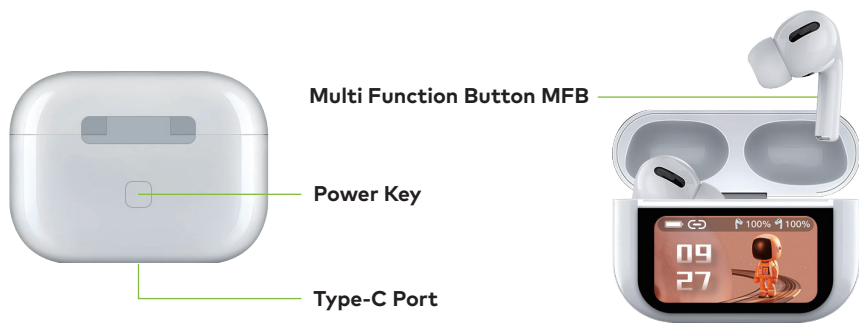

4. The earphones will automatically pair when removed from the storage compartment.

5. If the earphones do not pair successfully after being taken out, place

them back into the compartment, close the lid, and press and hold the button for 3 seconds to initiate pairing.
