## Features

1. The power bank's 5000mAh capacity ensures ample power storage in a device that boasts a compact and sleek design.
2. It delivers a 20W output, enabling high-efficiency charging to quickly power up devices.
3. This power bank features a streamlined industrial aesthetic, offering a modern look that complements its functionality.
4. Equipped with precise LED power indicators, the device clearly displays the remaining battery level at a glance.
5. It includes a bracket, enhancing the charging experience by providing a stable and accessible mounting option

## Schematic View

## Specifications

Battery Capacity	5000mAh
Type-C Input	5V/2.4A, 9V/2A, 18W
Type-C Output	5V/3A, 9V/2.22A, 12V/1.67A, 20W
Lightning Connector Output	5V/3A, 9V/2.22A, 12V/1.67A, 20W
Weight	101.5g
Dimension	28×35×81mm

## Power Indicators

### [A] Battery Level Display

Less than 1% to 25%: One bar

 1% - 25%

25% to 50%: Two bars

 25% - 50%

50% to 75%: Three bars

 50% - 75%

75% to 100%: Four bars

 75% - 100%

Note: If the last indicator flashes, it signifies that the power is low.

Please recharge the device promptly.

### [B] Fast Charging Indicator

The fourth LED turns green when fast charging is initiated. 

## Notes and Warnings

1. If this device is not used for an extended period, please charge it at least every three months.
2. It is normal for the device to produce slight heat during charging as long as it remains below 55°C.
3. Always keep this device dry and avoid cleaning it with chemical agents.
4. Please support environmental sustainability by recycling this device at a designated facility.
5. This device should only be used under the supervision of adults.
6. Do not crash, disassemble, or expose this device to humid conditions.
7. Avoid using this device to charge other electronics with incompatible voltage or current, as it may lead to fire hazards or other issues.

## Troubleshooting

### **[A] When the device is not charging:**

1. Verify that the cable, charger, or adapter being used are functioning properly.
2. If the issue persists, ensure that all components are compatible and correctly connected.

### **[B] When charging the phone:**

1. Confirm that the power is on and that the device has sufficient charge remaining.
2. If all checks are satisfactory and the device still does not charge, please contact the professional service centers.

## Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **[porodo.net/warranty](https://porodo.net/warranty)** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.

For more info, please check:
