Overview

Thank you for choosing the Lepresso STIRMAGIC Auto Stirring Mug, specifically designed for mixing products. This product is ideal for use in homes, hotels, offices, and various other settings. It is designed for mixing non-viscous beverages such as coffee and juice powder, offering convenience, speed, and versatility. To ensure proper use and maintenance of your device, please read and keep it secure for future reference.

Specifications

Material	ABS, 304 Stainless Steel
Charging Voltage	5V
Rated Voltage	3.7V
Rated Power	2W
Charging Port	Type-C
Capacity	380ml
Standard	GB4706.1-2005, GB470630-2008

Product Description

The magnetic cup incorporates a magnetic device, motor, magnetic rod, temperature display, and a power control switch. The magnetic component is concealed within the motor drive at the base of the cup. Positioned at the bottom, the magnetic rod interacts with the liquid above it. To operate, fill the cup with water, activate the power switch to engage the motor, and the temperature will be displayed automatically. Simply touch the switch again to initiate the rapid stirring action facilitated by the magnetic rod, which creates a dynamic magnetic field within the cup. The magnetic cup features an intelligent temperature display and stirring functionality. Activate the power switch to reveal the temperature. Engage the motor by touching the switch. The integrated magnetic unit at the cup's base propels the magnetic rod. This mechanism rapidly stirs your beverage within the cup.

Safety Precautions

To ensure your safety and prevent damage to property, adhere to the following safety guidelines. Failure to follow these precautions may result in accidents.

- 1.** Keep the mug out of children's reach. Children should not operate the mug or access the stirrer inside, to avoid accidental ingestion or burns from hot contents.
- 2.** Do not allow individuals with impaired physical, visual, or intellectual abilities to use this product without supervision. Ensure they are closely monitored to prevent misuse.
- 3.** Never immerse the product in water. To clean, wipe the exterior with a damp cloth and rinse the inner tank and lid under running water.
- 4.** Avoid adding ingredients to the mug while the stirrer is in motion to prevent spills or damage to the mechanism.

- 5.** Do not place the mug directly on a heat source, such as an open flame or stove. This could cause damage or pose a safety hazard.
- 6.** Use the mug solely for its intended purpose. Using it for other functions is prohibited.
- 7.** The maximum operating temperature of the mug should not exceed 100°C to avoid damaging the electronics.
- 8.** The mug operates on a 3.7V DC power supply. Use only recommended or branded batteries for optimal performance.
- 9.** Immediately dispose of the plastic bag in a trash can after unboxing the product to prevent children from playing with the package and to mitigate any risk of suffocation.
- 10.** Clean the product thoroughly before its first use to ensure it is free from manufacturing residue

Instructions for Use

- 1.** Fill the cup with water.
- 2.** Add beverages to the water.
- 3.** Gently press the power switch to activate the temperature display.
- 4.** Press the switch again to initiate automatic stirring, which operates for 20 seconds.

Notes:

- [1]** Avoid using or storing the product near open flames or in high-temperature environments to prevent damage.
- [2]** Do not immerse the product in water or clean it as a single unit to avoid electrical failure and damage.
- [3]** Ensure correct battery installation by aligning the positive and negative poles correctly. Mixing old and new batteries is strictly prohibited.
- [4]** Avoid freezing the product, placing it in the dishwasher, or heating it in a microwave.
- [5]** Do not operate the stir function without water in the cup to prevent damage.

[6] Adhere strictly to the given instructions to prevent damage or loss of the product.

Warranty

Products that you buy directly from our **LePresso** website or shop come with a 24-month warranty.

The 24-month warranty applies to products purchased directly from our **LePresso** website or store. If **LePresso** products are bought from any of our verified retailers, then the product is eligible for only a 12-month warranty. To extend your product's warranty, visit our website <https://www.lepresso.com/warranty> and fill in your details in the provided form along with an uploaded picture of the product to process your request. Once approved, you will receive a confirmation email of the extended product warranty. Upload the required information within 48 hours of purchase to be eligible for a 24-month warranty period.
