Product Overview

The Green Lion Brussels Air Conduction Earphones offer a comfortable and durable design with Bluetooth V6.0 for clear calls and music. They feature shape-memory technology for a secure, pain-free fit, while remaining lightweight for all-day use. With dual-device connectivity, titanium alloy construction, and IPX5 waterproofing, these earphones are built for active use. Enjoy up to 13 hours of playtime and 75 hours of standby, with quick USB-C charging for convenience.

Specifications

Speaker	14mm
Frequency	20Hz - 20kHz
Impedance	32Ω±10 %
Sensitivity	117±3 dB
Latency	80ms
Waterproof	IPX5
Charging Port	USB-C
Charging Time	1.5 hours
Playtime	13 hours
Talk Time	10 hours
Standby Time	75 hours
Product Weight	13.7g

Schematic View

Package Contents

- a. USB Charging Cable x1
- b. Bluetooth Headset x1

Operation Instructions

1. Power On: Press and hold the MFB button for about 2 seconds until the blue light flashes three times.
2. Power Off: Press and hold the MFB button for about 4 seconds until the red light flashes three times.
3. Press and hold the MFB button for around 4 seconds, until the red and blue lights alternate flashing. This will enter the pairing mode.
4. Answer/Hang Up a Call: Click the MFB button to answer an incoming call or to end an active call.
5. Reject a Call: Press and hold the MFB button for about 2 seconds.
6. Play/Pause Music: Click the MFB button to pause or resume playback.
7. Voice Assistant: Press and hold the MFB button for about 2 seconds to activate the voice assistant.

- 8. Incoming Call: There will be no light, simply call the phone number.
- 9. Language Switching: Press the MFB button three times consecutively to switch languages while in pairing mode.
- 10. Next Song: Press the MFB button twice in quick succession to skip to the next song.
- 11. Low Battery Reminder: When the battery is low, a "low battery" notification will appear.
- 12. Disconnection Reminder: If the headset goes beyond the connection range, it will notify you with a "disconnected" message.
- 13. Charging: When charging, the light will display a steady red.
- 14. Fully Charged: Once fully charged, the light will turn blue.

Charging Instructions:

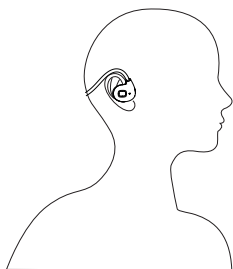

- 1. The red light on the Bluetooth headset will remain on during charging.
- 2. The blue light will remain on when the headset is fully charged.

Important: The charging voltage must not exceed 5V.

Headphone Wearing Instructions:

Adjust the ear sets slightly according to the specific position of the headphones on your ears for a comfortable fit.

Bluetooth Pairing Guide

- 1. Press and hold the multifunction button for 4 seconds. When the red and blue indicator lights flash alternately, the headset will enter pairing mode.
- 2. On your mobile phone, enable Bluetooth, search for the corresponding headset pairing name "GL-TWS90", and select it to connect.

3. After the initial Bluetooth pairing is successful, pairing mode is no longer needed.
4. To reconnect, press and hold the multifunction button for 2 seconds until the headset turns on (the blue light will flash three times).
5. The headset will automatically reconnect to the last device it was paired with, named "GL-TWS90".

Disconnecting the Headset from the Phone:

To disconnect the headset from your phone (e.g., to connect to another Bluetooth device), you can choose one of the following methods:

- a. Use the phone's Bluetooth settings to disconnect.
- b. Turn off the Bluetooth function on your phone.
- c. Move the headset at least 10 meters (about 30 feet) away from the phone.

Connecting Two Phones:

The headset supports a 2-in-1 function.

- a. First, connect the headset to the first phone.
- b. Turn off the headset and re-pair it.
- c. After pairing with the second phone, select the connected pairing name on the first phone.
- d. This will allow the headset to connect to both phones.

Troubleshooting

1. Bluetooth Connection Issues:

If you are experiencing difficulty with the Bluetooth connection, ensure that the headset is within 10 meters (about 30 feet) of the phone and that there are no obstacles (such as walls or other electronic devices) blocking the signal. It is recommended to place the headset on the same side of your phone for optimal performance.

2. No Sound:

Ensure the headset is turned on and fully charged.

3. Phone and Headset Not Connected:

- 3.1. Ensure the headset is properly paired with the phone.

- 3.2. Make sure the phone's Bluetooth is enabled.
- 3.3. Ensure the headset is within 10 meters of the phone and that there are no obstructions, such as walls or other electronic devices.
- 4. If the Issue Persists:
 - 4.1. Try recharging the headset and then attempt the connection again.
 - 4.2. Restart the phone.
 - 4.3. Turn on Bluetooth on your phone and delete the previous pairing history.
 - 4.4. Re-pair the Bluetooth headset with the phone.

Safety Precautions

- 1. Do not place the headset in the airbag area inside a vehicle. If the airbag deploys, it could cause serious injury.
- 2. Do not let children play with the headphones. Small parts may pose a suffocation risk.
- 3. In hospitals, blasting sites, or places with potentially explosive environments, turn off electronic equipment and radios when instructed.
- 4. Before boarding an aircraft, turn off the headset, as it cannot be used during flight.
- 5. To protect your hearing, avoid setting the volume too high.
- 6. Do not attempt to modify or disassemble the headset.
- 7. Do not use the headset in wet conditions or rain.
- 8. Do not clean the headphones while charging. Clean the headphones and charger separately.
- 9. Do not expose the headset battery to excessive heat.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Green Lion** website or shop come with a 24-month warranty.

When you buy **Green Lion** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **<https://www.greenlion.net/warranty>** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
